

Real Estate Photography

What Presentation Photo Can Do for You

- Relieve you of the burden of having to photograph your properties, allowing a professional photographer and digital editor to do the work while you concentrate on selling
- Provide local, professional and personal service, dealing directly with Paul Holland who shoots and edits each project himself
- Choose from a wide selection of professional 35mm lenses
- Use multiple wireless strobes where supplemental light is needed
- Use a variety of photographic techniques to give you the look you want
- Use multiple software platforms for enhancement and effects when necessary
- Provide a consistent level of image quality for the entire shoot
- Generally create a bright and spacious feel to any property
- Deliver the edited files for digital download within 24 to 48 hours of the shoot
- Provide unrestricted access to the digital files for your use relating to the selling of the particular property
- All for very reasonable and competitive rates
